Wenn Sie Ihre Dienstleistung ausgewählt haben, erscheint ein Fenster mit einem Einleitungstext. Dort werden wichtige Bestandteile der Checkliste erklärt. Ecert berücksichtigt, in welchem Jahr Ihrer Zertifizierung Sie stehen und welche Produkte Sie haben, um Ihnen automatisch eine Liste mit den Punkten anzuzeigen, die für Ihre Zertifizierung eine Rolle spielen.

3

Einleitung

Your organization is in certification year 4. These are the criteria applicable for the product(s) for which you are certified and for your organization in this year of certification. There are 5 ranks of compliance. Rank 1 and 2 indicate non-compliance with the Fairtrade Standards. Rank 3 to 5 indicate compliance with the Fairtrade Standards.

The Compliance Criteria are divided into:

- a. Core criteria – are the Fairtrade baseline requirements and need to be complied with at any time
- b. Major criteria – are criteria that reflect key Fairtrade principles. Non-conformity with a major compliance criterion may lead to certification sanctions.
- c. Development criteria – refer to continuous improvement requirements that producers need to comply with at an average score equal or higher than three. These criteria will only be applicable on certification year 3, 6, 9, etc (Renewal Audits).

The FLOCERT Public Compliance Criteria List - Hired Labour - is based on the Fairtrade Standard for Hired Labour (dated January 15th, 2014), the Fairtrade Trade Standard (dated May 1st, 2011), and the Fairtrade Product Standards published by Fairtrade International. This version of the Compliance Criteria supersedes all previous versions. The Compliance Criteria are published in several languages. In case of an interpretation dispute in any of the published languages, the English version of the Compliance Criteria prevails.
