

Welcome to Ecert – Your certification portal

Ecert is the customer certification portal which connects FLOCERT's customers, certification analysts and auditors. With Ecert, you can easily manage and promote your Fairtrade certification.

Your benefits

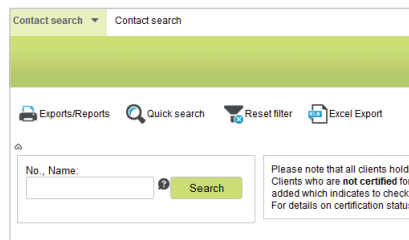

- Simplified audit preparation: Find all information needed for your audit in one place
- Smooth follow-up after your audit: Keep track of the to-do's
- Quick overview of your partners' certification status
- Easy access anytime and from anywhere
- Enhanced networking: Get in contact with other Fairtrade producers and traders

How it works: The 3 modules within Ecert

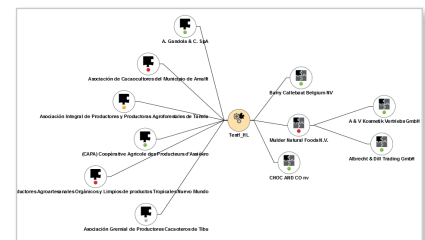

My data Manage your certification	Operator contact search Find new trading partners	FairMonitor Map and monitor your supply chain
---	---	---

- Access your individual audit checklist and agenda as well as previous audit results ("MyChecklist").
- See your planned audit dates.
- See which sites are covered by your certificate and which will be audited.
- Enter corrective measures and upload objective evidence.
- View and download your certificate and FLOCERT contract.
- Get in touch with your FLOCERT analyst.

- Search for Fairtrade certified organizations.
- Export results as Excel files.

- Visualize your Fairtrade supply chain.
- Receive automatic notifications when the certification status of a supply chain partner changes.
- Promote your company to potential new suppliers and clients.
